Product

Table Lamp - National Trust Edition - Sage Green

Description

There's a lot of Anglepoise heritage packed into the 52cm of metal and cable that make up the Original Mini 1227™ table lamp. The classic shade is instantly recognisable, while the pyramid-shaped base, with its highly practical integral switch, breaks new ground without losing any of the original Anglepoise spirit.

Anglepoise and the National Trust have come together to create a timeless range of lamps that are designed to illuminate our homes and the everyday objects that bring us joy.

The funds we raise will shine a light on conservation work across some of the Trust's hidden gems including The Homewood, a modernist villa in Surrey, our source of inspiration for the first Anglepoise and National Trust collaboration.

Anglepoise will contribute in the first year of the collaboration a minimum of £15,000 to the National Trust. The funds raised will help support The Homewood, designed by architect Patrick Gwynne and gifted to the National Trust in 1999.
